

South of Ireland Hampshire Down Breeders

Premier Show & Sale

**of Hampshire Down Rams, Ewes,
Ram Lambs & Ewe Lambs**

**Tuesday 25th July, 2023
at Tullow Livestock Market**

Show 10:00am Sale 12:30pm

Judge: Stirling Manson. DUNRAVEN FLOCK

Online Bidding available with MARTEYE

Enquiries to Michael White Ph: 086 8743700

CONDITIONS OF SALE

1. The highest bidder to be the buyer, and if any dispute arises between the bidders, the decision of the Auctioneer shall be final, or at his discretion the lot in dispute shall immediately be put up again and re-sold. The Auctioneer reserves the right of refusing the bid of any person and regulates the bidding, and no bidding is to be retracted.
2. The purchaser to give their names and places of abode in writing and pay the full purchase money for each lot at the fall of the hammer (if required); in default of which the lot or lots so purchased may immediately be put up again and re-sold.
3. No lot or lots shall be removed from the premises before the sale, or till paid for, but each and every lot shall, immediately at the fall of the hammer, be considered as delivered, and be and remain in every respect at the absolute risk of the respective purchaser or purchasers thereof, and shall be removed from the place of sale at the purchaser's expense.
4. If any purchaser shall fail to comply with the above conditions, or any part of them, the Auctioneers shall be at liberty to either recover in full the amount of the lot or lots bought by such purchaser, without reference to any delivery or acceptance of the lot or lots other than the first delivery by the fall of the hammer, or to re-sell any lot or lots bought by the purchaser, either by public or private sale; and the full amount of the purchase money at the present sale, or the deficiency (if any) arising from such second sale, shall be made good by the defaulter at the present sale, and be recoverable as and for liquidated damages.
5. Animals are present on the sole responsibility of owners, whose duty it is to keep each exhibit under proper control at all times,
6. Purchasers are to understand, that although every reasonable precaution will be taken to ensure the safety and welfare of the animals exhibited, the Auctioneers will not be responsible for loss, or accidents of any kind, that may occur.
7. The pedigree, history and description of each animal is guaranteed by the owner, and no liability whatsoever is undertaken by the Auctioneers for the statements in the catalogue or announcement made at the time of sale. The vendor who supplies such statements is alone responsible.
8. No undertaking of the Auctioneers or vendors or their servants to take charge of the lots or animals for sale, or to forward them to their destination, shall be held to impose any legal obligation or vitiate any of the foregoing conditions.
9. Any medical treatment to any animals must be advised to the Auctioneer for announcement at time of sale.
10. Should any question arise not provided for in the foregoing conditions, the decision of the Auctioneers shall be final, from which there shall be no appeal.
11. The sale will be conducted in Euros. Fees to be paid by the Purchasers.
12. After Sale release of livestock or goods is by Pass Out issued by the Sale Office. This also includes unsold lots.
13. Each and every lot must be presented for sale in the auction ring in catalogue (except for prize winners which may be offered in a different order) or numerical order.
14. All lots will be inspected by society inspectors prior to the sale. However Purchasers are strongly advised to inspect sheep prior to purchasing.
15. Re- runs: the first five lots after lot 9

N.B - The Auctioneers reserve the right to refuse cheques as payment. All payments to be in sterling by Bank Draft or cash, or at current exchange rate. New customers should contact the Auctioneers in advance of sale to make arrangements for use of cheques.

€uroStar Evaluation Explanation Page

Important: The Pedigree Information printed in this catalogue is as supplied by or on behalf of the breeder. The responsibility for the accuracy of the information therefore rests solely with the breeder and not Sheep Ireland.

Evaluations should **never be the only tool** you use when selecting animals for breeding. Animals must also be examined to ensure the animal is also physically correct; an animal that is not physically correct (ie. mouth, feet, etc.) cannot compensate for this fault regardless of its evaluation and should be avoided for breeding purposes. See below how to interpret the €uroStar catalogue.

★★★★★ €uroStars – How to interpret them

- Each star represents where the animal ranks on each index in 20% bounds
- **One star** represents the **bottom 20%** of the breed for that trait
- **Five star** represents the **top 20%** of the breed for that trait
- The higher the stars, the higher the predicted profitability of that animal

Animals that only have the outline of a star represent animals that have within flock evaluations, this means the star rating of these animals cannot be compared to any other animals from a different flock.

Rank

- This figure indicates more precisely where the animals rank within the breed. eg. Top 16% (see example below)
- This is displayed with a shaded line, the further to the right these are on the scale, the better its position within the breed.

Acc% (Accuracy%)

- This figure is very important as it represents the amount of data behind each evaluation. Where Acc% is low, much less emphasis should be placed on the evaluation, and vice versa.
- Accuracy is displayed for the Replacement & Terminal Indices. It is not displayed for the four sub-traits. If an animal has high accuracy on Replacement & Terminal, it will be high accuracy across all traits.

Acc% parameters

V.Poor, 0% - 19% **Poor**, 20% - 34%
Fair, 35% - 44% **Good**, 45% - 59%
V.Good, 60% and above

1) Replacement (€3.44) – If a farmer desires a ram to breed both lambs both for slaughter and replacement ewe lambs then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability, Days to Slaughter, No. of lambs born & Daughters milk. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.

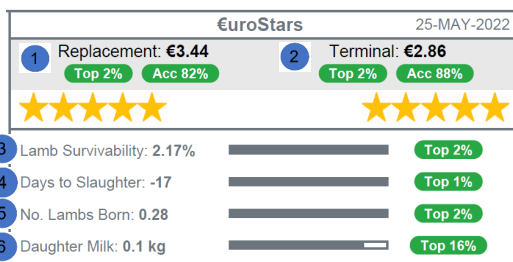

2) Terminal (€2.86) – If a farmer desires a ram to breed only lambs for slaughter then they should select a ram based on this index. The bulk of this index is a combination of Lamb Survivability and Days to Slaughter. The € value beside the index represents the difference in profit that each lamb sired from this ram will have. This € value is an across breed value, so different breeds can be compared to each other.

3) Lamb Survivability – This ranks animals based on lambing ease and lamb survival rate. Every positive % point on this index is an extra lamb surviving to 40 days and vice versa.

4) Days to Slaughter – This ranks animals on their genetic ability to grow. The index associated with this trait represents the difference in the predicted number of days required for the progeny of this ram to reach the desired slaughtered weight compared with other animals of the same breed.

5) No. of Lambs Born – This ranks animals based on the predicted prolificacy of the females from this animal compared with other animals of the same breed.

6) Daughters Milk – This ranks animals based on the predicted milking performance of their daughters compared with other animals of the same breed.

RamSearch.ie

The Sheep Ireland Online Ram search is also available at ramsearch.ie, you can use this tool to get the most up to date evaluations for a ram, to **search for rams by county, breed and current evaluation ratings**.
